

THE SPIRITUAL DIMENSION:

A Special Event With Pepper Lewis and Gaia

▶ SUNDAY, MARCH 28TH, 2010

Where: La Quinta Inn, Las Vegas, NV

Who or what placed you on your spiritual path, can you remember? What has kept you on your path or guided you to return to it whenever the time was right? There is a force, stronger than almost anything we can imagine that oversees all that we think and do, but what is it? It is the ***Spiritual Dimension***, an extremely vital and helpful means to almost everything that has true value.

Dimensions have unique characteristics and are more accessible than you think. Explore some of the ways that other dimensions affect our thoughts, feelings and decisions. Did you know that every lifetime allows us to earn ***Degrees of Freedom***? Find out how.

Sunday
MARCH 28

2:30 - 7:00pm (registration begins at 2:00 p.m.)

Other topics we will explore:

- How our teachers find us, recognize us and urge us forward
- Where can we go dimensionally? How many lifetimes does it take to transcend one or more dimensions?
- How can we learn to tame the dimension of Time so that it works for us rather than against us.
- Zero-dimension, Spacetime, Parallel Universes and Alternative Planes of Existence.
